Reserve Forestland

A Talk with Sam Schneski

Thursday, April 20, 2023

7:00 – 8:30pm

Broad Brook Community Center

Windham County Forester and Guilford resident Sam Schneski will talk about a new land use category in Vermont's Use Value Appraisal (UVA) program called **Reserve Forestland**. This change will allow landowners, whose land is eligible, to develop old forest conditions (currently lacking in Vermont) on their property while participating in the UVA program.

Approximately 55% of the land in Guilford is enrolled in the UVA program (also known as the Current Use program).

Hosted by the Guilford Conservation Commission
